TAKUMI

Streamlining Supply Chains

Example

- ❖ We purchase material from a UK supplier who purchase from a French supplier, material has been manufactured in France and sent to a storehouse in the UK, Material is then released from the UK warehouse and shipped to Ireland.

Excellence, it's what we do everyday.

- ❖ Material was purchased from a UK supplier, the material originating from China. We then sent this material direct to another UK company (Bodycote) for heat treatment. The material was collected and shipped to Ireland. Under our own knowledge, once material has been treated value has been added in the UK therefore changing the Country of Origin to the UK.
- ❖ Has Substantial processing been carried out?

1st Time 25% Duty Charge

2nd Time 0% Duty Charge

Critical
*Origin Statement for
Future Audit purposes (End of
The year).*

- Enterprise Ireland (Ready for customs €9000 Grant).
- ❖ CILT Clear Customs Training (Government Funded).
- ❖ Webinars (EI/ Rules of Origin Webinar)
- ❖ Revenue!
